The club is looking for members to volunteer to help with the maintenance of our venues if anyone is able to help please let Tony Robinson know with your name and contact phone number. At the moment its Mark Rundle and Dave Elliott doing all the work but due to health problems that Dave has he cannot do as much as he used to and Mark is feeling the strain. If there are any willing helpers I will pass your contact details on to Mark.

With some matches for those who don't know where these venues are meeting places will be arranged. As with last year due to limited pegs those wanting to fish must book in with Don Parry on [357718](tel:357718). The draws for all matches will be made 1 hour before contest starts. i.e Match starts at 09.30 so the draw time is **08.30**.

All members please note that no work is to be carried out on the Islands at Allensmore From the beging of February to to the end of September this is a conservation issue.
